

Patient ID *XPress*TM Wristband Station

Positive Patient Identification System

Wall Mountable

Patient ID *XPress*TM Wristband Station

Uses any standard direct thermal wristband media making it the most versatile and affordable system available

The Patient ID *XPress*TM Wristband Station boasts one of the smallest footprints in the industry for table top placement, or if space is limited, it can even be wall mounted.

Easy to Load - Easy to Use - Easy to Maintain
